

## Muddy Buddies

### Ingredients

- 8 cups chocolate Chex cereal
- 1 cup chocolate chips
- 1/2 cup peanut butter
- 1 stick of butter
- 1 tsp vanilla extract
- 2 cups powdered sugar

### Directions

1. Add cereal to a large bowl or plastic bag.
2. In a separate microwavable bowl, add the chocolate chips, peanut butter, and butter.
3. Microwave the chocolate chip / peanut butter mix for 30 seconds.
4. Stir and continue to microwave for 30 seconds until all chocolate is melted.
5. Add vanilla to the chocolate mix.
6. Add chocolate mix to the Chex cereal and stir until cereal is coated.
7. Then add powdered sugar and stir or shake if in bag until cereal is completely coated in powdered sugar.

### Tips & Tricks

- Do not overcook the chocolate mix — it can cause the chocolate to seize.
- Don't add different flavorings, as it can also cause the chocolate to seize.
- If the chocolate seizes, add a bit more butter and stir until smooth again.
- Add pretzels, M&M's, or other snacks to the mix after coating in powdered sugar.
- Store in a container for several days — if it lasts that long.
